Dear Parent/Carer

Bike Thefts

I am writing to make you aware that there have a number of bike thefts in local schools over the last few days. The police have been informed and we are currently assisting them with any information we have.

Can I please ask you to ensure that if your son/daughter brings their bike into school, that it is securely locked in the main bike shed. Some students are currently not using any locks. The school is also currently reviewing its own security measures however bikes are classed as a possession and are therefore brought into school at the risk of the owner.

If you have any information regarding these thefts or have any queries, please do not hesitate to contact me.

Yours sincerely

Miss J. Gillies
Head Teacher
