

PROMOTING OF BRITISH VALUES

Subject Area – Maths

Aspect to consider	KS3	KS4
Democracy	Student voice completed termly. The results are shared with staff and staff act upon any issues students may have.	Student voice completed termly. The results are shared with staff and staff act upon any issues students may have.
The Rule of Law	Clear rules and expectations of all students are adhered too. Consequences are a result of deviating from these rules.	Clear rules and expectations of all students are adhered too. Consequences are a result of deviating from these rules.
Individual Liberty	Students are taught money skills and how to manage their finances. They understand money terms like taxes, mortgages, pensions.	Individual students will be given advice for anyone who would like to pursue a career involving maths. Individual financial advice as well as financial world issues and maths in the real world are discussed towards the end of term.
Mutual Respect	Group work occurs throughout the year and is embedded into many Kagan structures that we use.	Group work occurs throughout the year and is embedded into many Kagan structures that we use.
Tolerance of those of Different Faiths and Beliefs	Little opportunity in maths, although the origins of some maths concepts and patterns are discussed.	Little opportunity in maths, although the origins of some maths concepts and patterns are discussed.
